Serial Nos.

1-11

Major Part B for November 1902

SUBJECT.

Appeal of Chandrasekharai of Soorapalli
Village, Bagapalli Taluk Regarding the
Remission of Chowdary

Indones

3
4 The Dy Comm^r was informed in reply that he should place himself in communication with the Survey Supt. who should submit his findings as to whether the tanks under reference should or should not be considered as private enterprise tanks, with reasons for the same.

The Survey Supt. in his docket to the Dy Comm^r of 26th ~~Sept~~ November 1880 remarked that the tanks had been recognized as private enterprise tanks and a Chowthay remission of 1/4th wet assessment in respect the following

C No.	Extent	Assessment
163	2.14	14
142	4.9	25
149	4.16	27
348	6.21	3
	<u>11.20</u>	<u>69</u>

had been recommended to 1/4th

5. The Survey Sup^t having
 submitted his finding though
 not in reasons for the same;
 it remains for Govt
 to sanction the Chowthay
 remission ^{of 1617-4-0} to the pet^r 1/4 of Rs 69.
 The Dy Comm^r will then
 collect the balance of
 revenue arrears in the
 usual course.

Submitted to the Rev. Secretary with a previous precis

1920 V

Letter from the Deputy
Commissioner of the Kolar
District, dated 9th July
1891, No ¹⁰⁹⁵/₂₆₄, submitting
file of records in re the
contention of Chendrase-
-variah of Soorappalli
Village in the Bagenahally
Taluk, for chauthayee re-
-mission of assessment on
wet lands irrigated by the
tanks constructed by his
father and brother, and re-
-commending that the Con-
-cession prayed for may
be shown to him, provided
he puts the tanks in thorough
repair and maintains them
in an efficient state at all
times.

The facts of the case are as
follow:—

1. The pottah of the lands
for which the remission of
1/4 assessment is claimed,
stands in the joint names
of Mallikarjunaiah and
one varasappa

Varasappa. Mallikarjunaiah is stated to be a minor and his uncle Chendrasekhariah the appellant and the said Varasappa are alleged to be in possession of the lands. The pattah in the name of Mallikarjunaiah is alleged to be nominal.

2. Notices were served on the Puttedare Mallikarjunaiah and Chendrasekhariah the appellant on 5-1-87 and 27-11-87 respectively, demanding of them payment of revenue outstanding in the accounts on account of the said lands.

The lands and also the yield of some of them were attached and promulgated to be sold on 7th November 1890.

On this date, Chendrasekhariah appeared

No. 17

Office - note
Pet^r no 2909 of 1890-91

Petitioner - Chandra Sekhara
of Loozapalli
Bagepalli taluk

Petitioner is the uncle
and guardian of Malli-
karyamma, a minor who
along with one Karappa
are joint proprietors
of the lands for which
a Chowdary's remission
of $\frac{1}{4}$ assessment is
claimed on the grounds
that the ^{two} tanks irrigating
the lands are private
enterprise tanks.

5. The Survey Supt. having submitted his finding though not his reasons for the same; it remains for Govt to sanction the Chowdary remission ^{of Rs 17-4-0} to the pet? $\frac{1}{4}$ of Rs 69.

The Dy Comm^r will then collect the balance of revenue arrears in the usual course.

The Commission
recommended by
the report of Rev
Mr in his report
of 11-5-93
regarding the
sanctioned -

x Perhaps

Subd to the
secretary
16/1/02

These amounts (including the
individual fees) may all
be sanctioned. A draft to that
effect is submitted for appro-
val.

It is worth considering whether (seeing the generally deteriorated condition of many minor tanks) this ^{rule} policy of (cheating) in missions does not deserve to be liberally continued, and if possible extended.

The Dewan
through the
R. 28/10/02
night 1/5/95
Councillor

H. M.
2/10/1902

appeared before the Tribunal in person and applied for stay of sale proceedings by promising as per Moorchakia dated 7th idem, to pay on the 14th of the same month, the whole of the arrears, and the amount he claimed to be remitted towards chowdhagee.

3. With his petition to the Deputy Commissioner of Faisalabad, dated 5th April 1886, praying for deduction of chowdhagee amount from the amount of assessment he ~~had to~~ owed to Government, Chandra Sekhri produced in original the endorsement granted him by the Survey Superintendent in reply to his petition to that officer, pointing out that the Survey rates on his lands were excessive. In it, a comparison is made between the extent of land as specified in the original patta of the year 1848 and that of the land as reckoned in

* No 1338

in the Survey Settlement.
This collation exhibited
that the putthadars enjoyed
47 acres and 19 guntas
in excess of what had been
specified in the old puttah.
From a careful Consi-
deration of the wordings
of the old puttah, from the
statement therein made
that such and such a rate
should be levied on such
and such an item, if the
place was provided with
wells &c - the source of
water supply - and also
from the fact that the
rates specified therein
exceeded those adopted
in the Survey Settlement,
the endorsement relates,
it could not be alleged
that the then authorities
who issued the puttah
meant that the puttah
was one of a permanent
tenure as pleaded by
the defendant. It

It terminated by saying that because it was stated a fresh water supply from wells &c had been provided for, for the cultivation of wet crops, the Survey Supt^t was of opinion that he would grant a chowdage remission by treating the source of water supply as wells &c dug at the cost of a private individual, but not at all events, allow reduction in the dry rates.

4. In the preamble of the old puttah adverted to in the above endorsement, a description as also the boundaries of the only dry and pasture lands situated at Pypalya and Mectmray villages is given. These lands are granted to Eerunnah, the father of the joint puttahar varasappa and Vayyondiah, the
brothers

brother of the appellant.

After that the following statements are made:-

"Your darbhast for
the lands has been accepted,
and in token thereof, this
puttah is granted to you.
.... Should you construct
at your own cost, wells ^{etc}
and thus provide water
supply, and by that means
raise wet crops, you will
have to pay such and
such a rate for such
and such a wet crop
(the different crops and
their rates are specified
in the puttah) If
the lands should remain
uncultivated for some
reason or other, you must
pay up without the
slightest objection the
aforesaid sum viz ⁺grahas
and 8 ⁺hanas a year.

+ ⁺Sagorah

+ ⁺Hamas

Should

"Should you also raise
"dry crop on pasture
"lands, you must pay
"the rate stated in that
"behalf. For the income
"or loss that may accrue
"to you in respect of these
"lands, you are amenable
"and the Pirkari have
"nothing to do with it.....

5. In his report to the
Deputy Commissioner on a
petition from Chembasakha-
sinh to the address of the
Deputy Comm^r, which was
referred to him for report
of facts of the case, the Pirkari
stated that with re-
ference to the lands in
question, a remark was
made in the Physical
Patrika of the Survey
Settlement to the effect
that the Pirkari did
neither consent to the rates
settled by the Survey Deptt,
nor expressed dissent to
the same. The report
which

which the petitioner alleged to have done to the tanks were not legalized by an order from the Deputy Commissioner. The Survey Superintendent's endorsement as recognizing the petitioner's claim for remission of Chowdagee might have tended to afford room to the petitioner to foster hopes of contention for remission of $\frac{1}{2}$ net acceptance.

6. The Deputy Commissioner observed that recognition would be made for ~~showing~~ the concession of Chowdagee as prayed for by the appellant Chandra-sethanath if enough ^{positive} proof was adduced to show that the repairs for the tanks were executed at his private cost.

7. Chandra-sethanath was thereupon summoned

to appear before the
Mirdare to produce the
papers and other records
he might have in sup-
port of his cause, but
he having failed to do
so, fresh orders were
issued for the resale of the
lands.

8. Meanwhile, the appeal
petition which was pre-
sented at the District
Office was forwarded to
the Deputy Commissioner
for submission of pro-
ceedings and report.
The Deputy Commissioner
in his turn forwarded
the same to the Mirdare.
And the Mirdare on 6th
June 1891 examined the
appellant & husband Chari-
al and Lalchhari and
nappa the shambaque
of Muthuray.

This Shambaque in his
statement.

statement deposed that the
tanks were constructed at
their own expense by Lingappa
the appellants father and
Nanjundiah the appellants
brother. The tanks were
constructed in the years
Pilaranga and Keelaka.
These tanks were ~~constructed~~
not incorporated in the
list of "Kathlagavadi"
tanks. No repairs had
been done to them by
Sircar, nor were they con-
structed by Sircar. He
could not estimate what
amount was spent in
the construction. The tanks
were in good order.

The appellant Chandra-
selkhariah stated that his
father and Nanjundiah
his brother built the tanks
in the year Keelaka. The
amount of construction
and repairs to the tanks
came ~~about~~^{to} upwards
of Rs. 300/. The accounts
of

of details for the same
were destroyed by rain
and he could not there-
fore render any list
and could not besides
avow that only so many
rupees were expended
on construction and
repairs.

Ny 256 dated 12th June
1891.

} 9. Mr. Amildar reported
that the inquiries he in-
-stituted showed that no
repairs were done to the
tanks at Government
expense, but on the other
hand, they were all carried
out by the appellants &
father and brother. After
deducting the amount
already recovered from
him, only a sum of
Rs: 171-2 remained
uncollected. Of this sum,
an annual sum of Rs:
18-6-4 should be remitted
for seeds & cartage, thus
making a total sum
of Rs: 110-6-0 qualified
for

for remission. What
remained to be recovered still
from Chendrasekhariah
was therefore only Repees
60-12-0, which he pro-
mised to pay soon after
the settlement of his claims.
The Amildar further
stated that he personally
went over to the spot and
visited the 2 tanks. One of
them required repairs to
the extent of Rs. 300/. The
construction of this tank
was of an ordinary masonry,
the other tank being more
or less similar in construction.

10. In these circumstances
of the case, the present
appeal to Government is
preferred.

M. Venkatarao

Has the honor to forward petition
no. 2909 dated 4th instant from
Chandrasekhariann of Sorapally,
Bagipatti Taluk, for attention
and report.

2. The Survey Superintendent's
endorsement No. 1333 dated 5th
May 1895 shows that the Survey
Department is prepared to
entertain Petitioner's claim for
remission of $\frac{1}{4}$ of water assess-
ment on land irrigated by
the Tank constructed by
Petitioner. The Deputy Com-
missioner's endorsement
No. dated

does not deny the petitioner's claim but says that pending its settlement the Petitioner should pay up the arrears outstanding in the accounts.

3. Under such circumstances the Deputy Commissioner is informed that Petitioner seems entitled to a more considerate treatment at the hands of Govt. officers, and unless the delay in the settlement of Petitioner's claim to Chowdhay's remission is due entirely to his own laziness, the demand for an amount of arrears equal to the Chowdhay's claimed should be held in abeyance and steps taken to decide Petitioner's claim soon on its merits one way or another.

4. Pending final orders on the Dy. Commissioner's report said which is stated to be fixed for the 7th instant should not be confirmed by Deputy

Deputy Commr,

5. The report herein called for, should be submitted as soon as possible.

(4)

The Chief Secretary to the
Dewan of Mysore

Sir,

Herewith returned
with Enclosures

Adverting to your docket ^{No.} 1070 dated the 4th March 1891 forwarding for report a petition from Chendrasekariah of Sora-palli Bragepalli Taluk, I have the honor to submit for information and obliging return the accompanying file of records ending with the Amildar's Order No 256 of the 12th Ultimo on the subject.

2. It will be observed from the same that the Petitioner claims a Chowdhygi permission in respect of 2 tanks constructed by his father and brother within the limits of Sorapalli majana Village at an alleged cost of about Rs. 3,000 for which the Petitioner would furnish no details or accounts.

3. The Amildar who has personally inspected

inspected the tanks reports that their present condition is as shown in the margin²¹ and that the Petitioner states that he will Execute the needful repairs after the question of permission is settled.

+ 1. P. 88 8th division - Pond needs repairs to the value of Rs 300. It has been reached for repairing the sluice. Remittance in practice good order.

2. Spokhere. - Pond in order. Remittance pretty good. Sluice out of order.

4. The tanks under notice do not appear to have been included in the list of Athlaganad Tanks for settlement by the survey department and the omission was probably due to the same having been constructed prior to the issue of the Circular of 1863 on the subject of the construction of private tanks and wells.

5. As however the Survey Superintendent is prepared to admit the Petitioner's claim for permission of $\frac{1}{4}$ of wet apportionment on land irrigated by the tanks in supercession of the terms imposed on the Petitioner by the old Putta issued to him in 1848 by the Superintendent of the late Bangalore Division, I see no objection to the grant of the Concession prayed for provided the Petitioner grants

puts his tanks in thorough order within
a given time and maintains them in
in an efficient state at all times.

6. The sale of the Petitioner's land
in satisfaction of the arrears due by
him has as directed been held in
abeyance pending receipt of final
orders in the case.

I have the honor to be,

Sir,

Your most obedient servant.

To,

The Chief Secretary to the
Government of Mysore

Sir,

In continuation of my former
Despatch No. ⁽²¹⁾ 380 dated 30th August
1893 submitting a statement of
Private Banks in the Bangalore
District and with reference to Govern-
ment Orders thereon No. ⁽²²⁾ 909 dated
3rd September 1893, I have the
honor to submit for the approval
of Government my settlement in
the case mentioned in the accom-
panying supplementary statement.

2.

The above case was taken
up

32

upon being specially referred by
the Deputy Commissioner, Kolar
District in his Pocket No. $\frac{306}{202}$
of 22nd July 1892. It was not in-
cluded in the settlement of such
cases co-current with the Survey
Settlement.

I have the honor to be
Sir,
your most obed^t servant
By order
Superintendent of Survey

under a private tank in the Baghalli
assessment is claimed & recommended.

Remarks

10

No. 34 of 22nd February 1843 by Division
Supt. Rogers justifies its conclusion that
the tank on which the wet lands of a public
- lands in litigation are dependent was
really constructed by private enterprise.

Decree of 22nd December 1843
with above confirmed and gives effect to
above order No. 34. This is a very old
case and I think it would be hard
to refuse $\frac{1}{4}$ remission of wet assess-
- ment. The particular tank is spec-
- ified but the land when granted had
no tank.

$\frac{1}{4}$ remission of wet assessment
may be allowed.

Survey Superintendent's Office

Bangalore 11th May 1893

To

The Chief Secretary to the

Deewan of Mysore

Sir,

In continuation of my Docket
No 380 dated 30th August 1888 Submitting a
statement of private tanks in the Bagappa
Taluk and with reference to Government
Orders thereon No 909 dated 3rd September
1888 I have the honour to submit for
the approval of Government my Settlement
in the case mentioned in the accompanying
Supplementary statement

The above case was taken up on
being

being specially referred to by the
Deputy Commissioner Holier District in
his report No. $\frac{306}{202}$ of 28th July 1892. It was
included in the Settlement of such cases co-
-current with the Survey Settlement.

I have &c.

(Signed) J. P. Grant

[illegible]

Lands under private tank in the Bagpet ali Taluk for
wet assessment is claimed and recommended.

Remarks:-

10

No 34 of 22nd February 1848 by Division Supt: Mangens'
justifies the conclusion that the tank on which the Wet lands
of applicants in Mitimani are dependent was really consolidated
by private enterprise.

Macbathia of 22nd December 1848 with
above confirms and gives effect to above order No 34.

This is a very old case and I think it would be hard
to refuse $1/4$ remission of wet assessment. No particular
tank is specified but the land when granted had no tank.
 $1/4$ remission of wet assessment may be allowed.

(signed) J. P. Grant

Read: —

Letter No: 1095 / 264

97-89, from the Dy: Comr
Kolar, regarding the ^{claim} ~~contention~~
the enduravari of Soraipalli
village in the Bagalkote Taluk
for the purpose of Commission of as-
-essment on certain wet lands
below private tanks.

R. 128-91-10

2) Letter No 1104 & 1159,
from the Dy: Comr, in
response recommending the grant
of ~~the~~ ^{the} said lands

order thereon: ⁸⁸³⁻⁵ P7-10-92
A 18-12-1902 for
20 certain dry & pasture

lands in the Mittamira village
of the Bagalkote Taluk were
obtained by darlast in
February 1848 by Bramma
Nayindappa of the same

village, subject to the condition
of paying ~~certain~~ fixed rates of
assessment in case they should
construct thereon any source
of irrigation to these lands at
their ^{own} ~~private~~ cost. Some time after
the grant, two tanks were constructed
on the lands at ^{by} the cost of Linganna
& Hanjundargga, who however
continued to pay the rates of as-
essment previously fixed at the
time of the grant.

2) Owing the Survey Lett. ²⁷ 1885-81
when wet rates were fixed on
these lands, the parties concerned
offered no objection but contended
later on that they were entitled
to bhouthayi remission for
all the lands below the two
private tanks.

3) When, in 1889-90, the Revenue on the lands fell into arrears & coercive measures had to be adopted for the levy thereof, a petition was presented before Govt for the stay of such measures & for the grant of bhonthayi remission.

4) On a reference to the Sub^l of Rev. Survey in Mysore, he recognized the claim of the applicant Chendrasekarappa on behalf of his minor nephew Mallikarjunappa and recommended the grant of the bhonthayi remission, ~~in spite~~ ~~of the clear wording of the original grant of 1848~~ ~~to the contrary.~~ The Dy. Comr. has also expressed his concurrence with the Sub^l of Rev. Survey.

5) In these circumstances,
